### **About HQS Quantum Simulations GmbH**

HQS Quantum Simulations predicts material properties using quantum computers, accelerating development cycles in the chemical and pharmaceutical industries. At HQS, they develop algorithms for quantum computers that can handle impossible calculations and enable their customers to benefit from the performance advantage of quantum computers earlier than their competitors. In addition, they offer individual simulation solutions for conventional computers with an integration of high-end simulation methods and the possibility to use the coming quantum computers.

### **About Unternehmertum Venture Capital Partners**

Unternehmertum Venture Capital Partners (UVC Partners) is an early-stage venture capital firm that invests in technology-based start-ups in industrial technologies, enterprise software and mobility. Each investment round invests EUR 0.5 - 3 million and up to a total of EUR 12 million in successful investments.

Portfolio companies benefit from the extensive investment and exit experience of the management team and from the close cooperation with Unternehmertum, Europe's leading innovation and start-up centre. With over 180 employees and more than 100 industrial partners, Unternehmertum has many years of experience in setting up young companies. Through this partnership, UVC Partners can offer startups unique access to talent, customers and partners.
