

Borken/Münster, 22 July 2020

GÖRG accompanies insolvency proceedings of the Rehms Group in self-administration

The experienced GÖRG restructuring experts Nils Meißner and Dr. Mike Westkamp have been appointed to support the management of the operating companies of the Rehms Group based in Borken. Dr. Michael Schaumann is also on hand to provide advice. Rehms Building Technology GmbH and major subsidiaries of the Rehms Group in the field of technical building equipment – in particular J. Rehms GmbH, HSV Kälte-Klima-Lüftungstechnik GmbH and TePmA GmbH Technische Planung für moderne Architektur – filed an application for the opening of insolvency proceedings in self-administration with the competent Münster District Court at the beginning of July 2020.

The aim is to consolidate the Rehms Group and make it fit for the future. Corresponding plans, which had already been drawn up in February 2020, had to be postponed due to the global corona pandemic and the associated loss of sales. It is now planned to find an investor as quickly as possible within the framework of a structured investor process, who will continue on the path that has been initiated so that the companies of the group and jobs can be maintained.

All the companies in the Rehms Group will continue to operate. Lawyer Stephan Michels from MICHELS Vorast Insolvenzverwaltungen GbR was appointed as the provisional trustee of the Rehms Group by the competent insolvency court.

The subsidiaries DL Technik GmbH, Wölpper GmbH, Tcon GmbH Ingenieurgesellschaft as well as Issler GmbH and Issler AG have not filed for insolvency proceedings.
