GÖRG advises Lanes & Planes on successful growth financing in the double-digit million range

GÖRG provided comprehensive legal advice to Munich-based company Lanes & Planes on a growth debt financing, which was completed at the end of 2025. A double-digit million investment by Banco Bilbao Vizcaya Argentaria (BBVA) is intended to support the scale-up's continued growth and expansion.

The Munich-based company is the leading provider of digital solutions for business travel and expense management in the SME sector. Over 1,500 customers from various industries already use the digital end-to-end solution.

Since its founding in 2017, Lanes & Planes has also been supported by renowned international investors such as Smash Capital, Battery Ventures, DN Capital, and Coparion in various financing rounds. With the new financing, the company has gained a strong growth partner in BBVA, which is providing the funds to implement further expansion plans.

A GÖRG team led by Munich-based partner Sebastian Frech advised Lanes & Planes throughout the transaction. The advice covered all legal aspects of the financing – from preparation to successful completion.
