GÖRG advises LOGICHECK Group on the acquisition of a majority stake by THI Investments

GÖRG advised Magdalene Schütz and Frank Junk, the management of LOGICHECK, on their partnership with THI Investments. As part of the transaction, THI Investments acquires a majority of the shares and will become a long-term partner.

Since its founding in 2013, LOGICHECK has been providing services to the insurance industry in the field of claims settlement. LOGICHECK offers insurers digital claims assessment services and software solutions, with a focus on motor vehicle and environmental claims. Under the leadership of its founders and managing directors, Frank Junk (Dipl.-Ing.) and Magdalene Schütz (Dipl.-Betriebswirtin), the company, based in Rhineland-Palatinate and North Rhine-Westphalia, has continuously expanded its technical and technological expertise. Today, in addition to LOGICHECK Schadenmanagement Öl/Umwelt GmbH, the group of companies also includes LOGICHECK Prüfprozesse und SaaS-Dienste GmbH, which supports insurers in areas such as document and invoice verification.

THI Investments is a privately managed private equity investor with offices in Stuttgart, London and Munich. THI provides flexible capital and operational expertise and partners with successful medium-sized companies by empowering their management teams.

With the entry of THI Investments, LOGICHECK gains a long-term oriented partner committed to preserving the corporate culture, neutrality and strategic orientation. The specific aim of the partnership is to strengthen and expand the market position in German-speaking countries while maintaining stable working conditions for employees.

GÖRG provided LOGICHECK with legal advice throughout the entire process. Under the lead of partner Dr Philipp Grzimek, the advice covered in particular the structuring of the partnership, the drafting of contracts and legal support for the entire sales process.
